

Languages that open up
a world of new opportunities

The Oriental Dialogue

Language Learning : *Simplified!*

Mandarin Chinese | Korean | Japanese

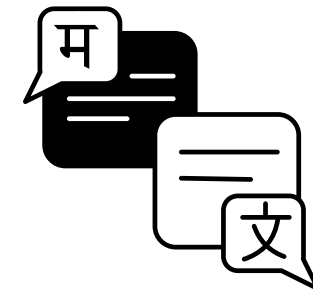

About us

The Oriental Dialogue is a language institute based in Pune. We have over 10 years of experience teaching students from all over the world!

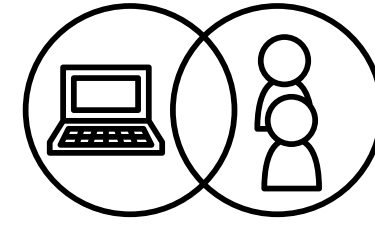

We started off conducting Survival Chinese courses for businessmen traveling to China for work.

Soon, we introduced Mandarin Chinese and Korean classes for learners of all backgrounds with a simplified, proprietary curriculum.

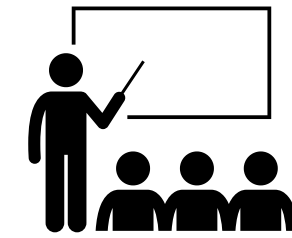

Now, we offer virtual and in-person classes for Mandarin Chinese, Korean and Japanese. We also conduct corporate training programs and courses for children.

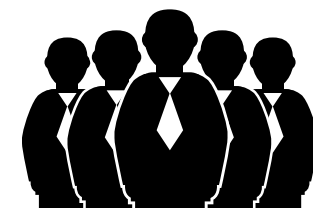

Courses specially designed for Indian learners.

Virtual classes for remote learners.

Offline classroom batches at our center in Pune.

Corporate trainings tailored to meet specific requirements.
